

### **Amendments to the Specification**

Please replace the paragraph beginning at page 7, line 27, with the following rewritten paragraph:

The communication connection(s) (270) enable communication over a communication medium to another computing entity. The communication medium conveys information such as computer-executable instructions, compressed audio or video information, or other data ~~in a modulated data signal. A modulated data signal is a signal that has one or more of its characteristics set or changed in such a manner as to encode information in the signal.~~ By way of example, and not limitation, communication media include wired or wireless techniques implemented with an electrical, optical, RF, infrared, acoustic, or other carrier.

Please replace the paragraph beginning at page 8, line 3, with the following rewritten paragraph:

The invention can be described in the general context of computer-readable media. Computer-readable media are any available media that can be accessed within a computing environment. By way of example, and not limitation, with the computing environment (200), computer-readable media include memory (220), storage (240), ~~communication media~~, and combinations of any of the above.
